Faculty Name: 
Douglas Koshland

Email: 
koshland@berkeley.edu

Phone Number: 
510 643 5223

Department/Organization Affiliation: 
MCB

Preferred Method of Contact: 
email

Project Name(s): 
Chromosome structure and function

General Topic (Keywords): 
Chromosome inheritance, cancer, DNA damage

Project Description(s): Study of higher order chromosome structure using yeast genetics, molecular biology, cell biology and biochemistry.

Desired Skills or Experience: 
PCR, gel electrophoresis

Time Commitment: 
10 weeks, 40 hours a week

Preferred Starting Date: 
June 1.
